## RE-RELEASE 2009

New Horizon, CD-Album (Prudence/Rough Trade 2009)

### ART OF INFINITY New Horizon The Re-Release of a classic album

The Re-Release of the amazing debut album of ART OF INFINITY from 2000 on Prudence/Rough Trade.

From this first album the Ambient-Music-Project from Germany demonstrated its characteristic musical elements such as electronic, chant-like female vocals and real played instruments. Amongst others the album contents the acclaimed songs "Ocean In Space" and "Written In The Sand", and the 21-minutes long track "Evolution", an exiting musical trip through the ages.

New Horizon; this is high-class ambient-music at its best. (Release: 30.01.2009)
